NATIONAL DENTIST DAY

MARCH 6TH

CONTENT

National Dentist Day & National
Dental Assistant Week 2021!

St. Patrick's Day 2021

Looking ahead: March

March means new beginnings for the spring season! We are welcoming the warmer weather, fresh spring air and New Patients!

We are kicking off March with National Dentist day on March 6th! There are no dentists like our dentists! Look out for our sweet tributes on our social media pages!

We are excited to celebrate a full week of Recognition for our Dental Assistants! Our dental community recognizes the second week of March as Dental Assistants Recognition week!

This year, we are dedicating March 7th-13th to celebrate each and every one of our DA's!

If you have an appointment with us during this week, make sure to Thank your Dental Assistant for all their hard work and dedication! They truly play an invaluable role in our everyday service to our community.

We look forward to seeing you this month!

St. Patrick's Day

March 17th, 2021

All week long, we will be giving out Lucky necklaces at checkout! If you have an appointment with us, just stop by at our front desk and our team members will hand you a necklace! After all, it's bad luck to not wear green on St. Patrick's Day! Hoping you can join us!

New Patients Welcome!

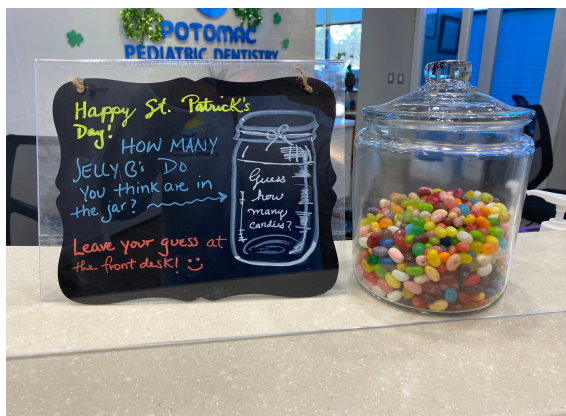

We get this question all the time: "What is the right age to take my child to visit the dentist?" Although the recommended age is about a year of age, we always encourage first visits to the dentist as soon as the first baby tooth erupts! As parents, you'll find you have a lot of questions regarding baby teeth, healthy eating habits, thumb sucking and more.

This is why our team is especially trained in providing guidance and insight for what to expect along your child's oral health journey! Our team takes care of your little ones as if they were our own!

We are currently accepting new patients as young as 6 month old if they have their first baby tooth erupted, as well as new patients for orthodontic consults as young as 7 years old!

Call and book your appointment today!

☎ (703) 221-4040

Looking Ahead

Coming in for a visit? Whether you're a new patient or returning, here's what you can expect in March:

- Covid-19 protocols still in place! Call or text 703-221-4040 for a virtual check in!
- Orthodontic Consultations are complementary! If you are coming in for a hygiene appointment and are interested in scheduling, you can schedule your appointments at check out!
- Jelly bean contest!
